

Do you serve on a board?

The Nurses on Boards Coalition (NOBC) represents national and state efforts by nurses and others working to build healthier communities in America. Our goal is to improve the health of communities and the nation through the service of nurses on boards and other bodies. The key strategy of the NOBC is to increase nurses' presence and influence on corporate, health-related, and other boards, panels, and commissions. The Coalition's intent is to ensure that at least 10,000 nurses are on boards by 2020, as well as raise awareness that all boards would benefit from the unique perspective of nurses to achieve the goals of improved health and efficient and effective health care systems at the local, state, and national levels.
